

## DOCTORS & DENTISTS TO KNOW

### Dr. Chet Mays

#### Calobrace Mizuguchi Plastic Surgery Center, Calospa Rejuvenation Center

**Education:** As the son of a surgeon and the youngest brother of 3 surgeons, the drive for success has always been instilled in Dr. Mays. He graduated from UofL undergrad Summa Cum Laude and from UofL Med. Cum Laude. While in medical school he received the highest honor by being elected to Alpha Omega Alpha medical honor society. He received his plastic surgery training in Rochester, New York prior to returning to Kentucky to join the premiere surgeons at Calobrace Mizuguchi Plastic Surgery Center and Calospa Rejuvenation Center.

**The Practice:** Dr. Mays roots were in Kentucky and it was important for him to make his way back to the area. By training in the Northeast with surgeons from all over the country he is bringing the most up-to-date technology and techniques to the region.

**Philosophy:** Dr. Mays shares a similar vision with Dr. Calobrace by providing the services that patients feel they need to leave town to travel to the more “mainstream” plastic surgery regions such as L.A. or NYC. We have brought L.A. and NYC to Kentucky which is important for our patients and us.

**Specialty:** Dr. Mays specializes in all aspects of plastic surgery, including but not limited to, body contouring after massive weight loss, breast aesthetics and reconstruction, facial aesthetics and medical spa procedures.

**Mission:** At Calobrace Mizuguchi Plastic Surgery Center & Calospa Rejuvenation Center, having healthy and happy patients is a #1 priority. We are closely involved with the patient's goals and desires as we walk along side-by-side to create their overall image.

**Outside of the Office:** When Dr. Mays is not in the office you can find him running the back roads of Louisville, 10-15 miles a week, or playing pick-up soccer games with his kids.
