Dr. Chet Mays
CaloAesthetics Plastic Surgery Center, Calospa Rejuvenation Center

As the son of a surgeon and the youngest brother of three surgeons, the drive for success has always been instilled in Dr. Mays. He graduated from U of L undergrad Summa Cum Laude and from U of L Med. Cum Laude. While in medical school he received the highest honor by being elected to Alpha Omega Alpha medical honor society. He received his plastic surgery training in Rochester, New York prior to returning to Kentucky to join Dr. Calobrace at CaloAesthetics Plastic Surgery Center and CaloSpa Rejuvenation Center.

Dr. Mays' roots were in Kentucky and it was important for him to make his way back to the area and bring the most up-to-date procedures to his patients. By studying plastic surgery with surgeons from all over the country he has brought these techniques and procedures to Kentucky so patients don't have to travel to the more "mainstream" plastic surgery regions of NYC and L.A.

As a board-certified plastic surgeon, Dr. Mays has reached the highest distinction in his field. His vision and philosophy toward excellence in service and patient care is in alignment with Dr. Calobrace and the entire team at CaloAesthetics Plastic Surgery Center.

Dr. Mays specializes in all aspects of plastic surgery, including but not limited to, body contouring after massive weight loss, breast and facial cosmetic surgery and medical spa procedures.

At CaloAesthetics Plastic Surgery Center & CaloSpa Rejuvenation Center, having healthy and happy patients is a #1 priority. They are closely involved with the patient's goals and desires as they walk along side-by- side to create their overall image.

When Dr. Mays is not in the office you can find him checking out the local music scene, running the back roads of Louisville or playing pick-up soccer games with his kids.
