

## THE FACE OF FEMALE REJUVENATION

### DR. BETHANY SHIVELY

A Louisville native Dr. Bethany Shively specializes in a wide range of aesthetic procedures with a focus on the female favorites like injectables, cellulite reduction, vaginal rejuvenation and hormone replacement therapy at CaloAesthetics Plastic Surgery Center and CaloSpa in Louisville, KY.

Dr. Shively began her career in 2011, serving as a medical-surgical and operating room nurse before joining the practice in 2013. She completed two years as an operating room nurse before transitioning to the role of Nurse Practitioner. She completed her Doctor of Nursing and Master of Science in Nursing with a 4.0 from the Medical University of South Carolina after obtaining her Bachelor of Science in Nursing from Western Kentucky University.

A certified Family Nurse Practitioner with the American Academy of Nurse Practitioners, Dr. Shively performs non-surgical rejuvenation including advanced botulinum toxin techniques, anti-wrinkle treatments and medical skincare rejuvenation. She is also passionate about providing holistic care and prevention of disease through bioidentical hormone replacement.

With Dr. Shively's guidance you can re-discover your youthful appearance!
