Board-Certified Plastic Surgeons and Alphaeon™ Physicians, dedicated to Lifestyle Healthcare

A CENTER OF EXCELLENCE FOR HEALTHY BEAUTY

It may seem like magic, but it takes experience, finely honed expertise, and a passion for the highest level of service to achieve the superior results celebrated daily at this customer-centric practice.

“Our credo at our Plastic Surgery Center and at our CaloSpa Rejuvenation Center is unwavering,” says Dr. Bradley Calobrace. “All recommendations and all decisions are based exclusively on what is best and safest for our patient.”

Dr. Calobrace, a renowned breast surgeon and internationally respected leader and educator in plastic surgery and minimally invasive cosmetic procedures, built his practice on this foundation and continues to invest the time and resources needed to uphold it.

“We offer a full menu of carefully vetted options, techniques, and technologies,” he notes. “That’s how we keep our promise of truly customized care.”

means a masterly plastic surgeon will tap both his artistic talent as well as his medical/surgical skills. “I know what looks good,” says Dr. Calobrace, “and I am not satisfied until I can say, *That looks fantastic.*”

He adheres to this dedication to excellence while overseeing the CaloSpa Rejuvenation Center: “Minimally invasive procedures, such as the use of injectables—when performed by qualified, experienced hands—work well.” Dr. Calobrace has been a forerunner in the application of injectables since they first were proven safe and effective.

The CaloSpa Rejuvenation Center, staffed by highly skilled nurses and aestheticians, features procedures and skin care products that put the shine of youth and health on each customer, all within elite surroundings.

BOTH ART AND SCIENCE

Enhancing the natural beauty of each patient in the healthiest way possible

DRS. CALOBACE AND MIZUGUCHI ARE PLEASED TO WELCOME DR. MAYS, who accepted the practice’s invitation after completing his residency in a very competitive integrated plastic surgery program. He comes with extensive hands-on experience and top-of-the-class honors.

“He’s a superstar,” says Dr. Calobrace. “We are fortunate to have his well-proven talent and dedication to superior patient care. He is from Somerset and Louisville, Kentucky, so he is truly coming back home.”

“It’s an honor to join this high-energy practice,” responds Dr. Mays. “The devotion to continuing education, the top-of-the-best standards, and the caring relationships with patients made me confident that this was to be my medical home...and I’m happy to be back in Kentucky!”
